

## **Report on FY03 Funding for Motor Carrier Enforcement**

As required by Sec. 1402 (2) of Public Act 526 of 2002, the Michigan State Police is reporting the allocation plan for funds appropriated for motor carrier enforcement.

Sufficient funds exist within the Motor Carrier Division to support the current number of officers. In fiscal year 2002 (FY02), motor carrier staffing levels reached an all time high. The department is monitoring the FY03 employment target and will ensure adequate levels exist for proper enforcement of the law. Currently, the additional 13 FTEs and \$1,400,000 appropriated for FY03 are not needed.
